A Message From

GOVERNOR JEFF LANDRY

hen I took office, I made it clear that creating jobs and opportunity in Louisiana would be among my highest priorities. Today, I'm proud to say we are not just pursuing that goal, we are delivering on it.

Thanks to a modernized LED framework and historic economic wins like Meta, Venture Global, Hyundai and Woodside Energy, we are making it unmistakably clear: Louisiana is open for business, and we are winning.

And winning, means more opportunities for our people and for our small and mediumsized businesses right here at home.

Combine that with the incredible successes of Louisiana's homegrown companies, and that's what makes the Spotlight Louisiana celebration so powerful. These award winners and honorees aren't just building successful businesses, they're driving what's possible when Louisiana's entrepreneurial grit meets statewide support and unprecedented momentum.

These companies represent what's best about our state:

risk-takers with perseverance, leaders with a vision, and employers who choose to grow right here, at home, in Louisiana. Their success stories are the cornerstone of our economic comeback.

To the honorees: thank you for betting on Louisiana. To the communities and support network cheering them on: thank you for creating the environment where success is possible. Together, let's keep

building an economy where our kids and grandkids can thrive-without ever leaving home.

Let's keep working. Let's keep winning. Together.

Governor Jeff Landry State of Louisiana

A Message From

SECRETARY **SUSAN BOURGEOIS**

ouisiana has entered a new era of possibility.

With a clear strategic plan in place and unprecedented coordination across business, government, and community stakeholders, we are redefining what economic success looks like and expanding who gets to participate in it. Nowhere is that more evident than at Spotlight Louisiana.

These small business awardees and Louisiana **Growth Leaders represent** what happens when determination meets opportunity. They are redefining what is possible, anchoring local communities, blazing trails in innovation, expanding into new markets, and building wealth that uplifts entire regions.

As evident in LED's new strategic plan, a key part of our mission is to strengthen investment in small businesses and the ecosystems that support them to drive growth, innovation, and global impact. From coaching, capital and connections to strategic research, mentorship and peer support, Louisiana is committed to helping these companies navigate complexity, scale with

confidence, and thrive in the place we call home.

But this is about more than just business growth—it's about shaping the kind of Louisiana we want to leave behind. A Louisiana where talent stays, innovation thrives, and economic success stories are written in every parish.

The companies being honored here tonight are building that legacy, and our team stands ready to continue supporting you and other businesses like you as we keep building on this momentum in every corner of our great state.

Together, we are **Positioning Louisiana to** Win—today, tomorrow, and for generations to come.

Jusan Bonnott Buergeris

Susan B. Bourgeois Secretary, Louisiana **Economic Development**

WHAT IS SPOTLIGHT LOUISIANA?

Spotlight Louisiana brings together entrepreneurs, leaders, and champions of small businesses from all corners of our state. It's a celebration of the hard work, spirit, and

success that drive Louisiana's economy forward.

Held annually, this unforgettable evening is filled with recognition, inspiration, and meaningful connections. It's an opportunity to honor the best in Louisiana small business and shine a spotlight on the individuals and companies shaping our future.

Thank you to the many partners that help make this event unforgettable!

WHAT IS THE LOUISIANA **GROWTH NETWORK?**

Launched in 2024, the Louisiana Growth Network (LGN) is an expanding suite of resources designed by Louisiana Economic Development (LED) and its partners to support small business growth, build capacity, and expand economic opportunity across the state.

In 2024, LED and its partners supported over 13,000 small businesses. Of particular importance - LED has supported more than 800 growth-oriented and secondstage small businesses from all across Louisiana. These

companies collectively represent 26,000 full-time equivalent (FTE) employees and generate more than \$5 billion in annual sales.

Louisiana Growth Leaders is an important recognition program of the Louisiana Growth Network. The honor is a testament that the company and its leadership are making important contributions that positively impact our state and economy.

Previous Growth Leaders are invited to apply for the Legend Award, the Growth Network's highest honor, which is evaluated using same criteria and awarded by Louisiana Economic Development.

ANDREWS FAMILY ALLSTATE

SBA Family-Owned Small Business of the Year

Founded in 1985 by the fearless Agnes S. Andrews. Andrews Family

Allstate is a multigenerational, Black-owned, women-led insurance agency rooted in faith, family, and service. With nearly 40 years of protecting Baton Rouge families, the agency has become a cornerstone in the community—known not just for policies, but for peoplefirst care.

Today, sisters Kinda and Nayo Andrews carry the legacy forward, offering auto, home, life, and business insurance with warmth, transparency, and a deep sense of responsibility. They're not just protecting assets—they're preserving dreams and building generational security.

Why Louisiana?

"Louisiana is home. The soul of this place—its culture, resilience, and community makes serving here a joy. Our clients are our neighbors, and we wouldn't have it any other way."

"This award honors the legacy of our mother and the love she poured into this agency. We're proud to protect our community the way she protected us."

— Andrews Family

MAVEN SCOUTS

SBA Veteran Small Business Champion of the Year

Maven Scouts is Louisiana's official national security acceleratorbridging

the gap between innovation and impact. Operating at the intersection of entrepreneurship, product development, and defense, the organization helps startups and mission-driven teams move technologies from concept to deployment.

What sets them apart is their builder-first model. They're not just advisors—they're developers, SBIR strategists, and commercialization experts who guide innovators through federal funding, IP licensing, and real-world field testing. Founded by veterans, their work is rooted in discipline, service, and purpose.

Why Louisiana?

Louisiana has grit, talent, and soul—it's the perfect place to build high-impact ventures that protect and uplift communities.

RONALD "ROCKY" J. ORTEGO III -**RED BISON SERVICES, LLC**

Louisiana APEX Accelerator Government Contractor of the Year SBA Small Business Person of the Year

Red Bison Services, LLC (RBS) is a Native Americanowned, SBA 8(a) certified small-disadvantaged business headquartered in Kenner, Louisiana. Since its founding in 2015. Red Bison has evolved from a side venture into a fast-growing, multifaceted construction firm that now delivers high-quality

and environmental restoration services. RBS specializes in pre-construction, estimating, quality control, project supervision, and self-performs civil and vertical scopes of work. Over the past 15 months, Red

construction, facility support,

Bison has significantly scaled operations—tripling revenue, nearly doubling staff, and expanding into key markets including Texas, Florida, and the Midwest. The company

"Knowing all of the hard work that I've poured into Red Bison-and the incredible team that has walked this path with me-these awards means the world. It's proof that when you stay the course, believe in your mission, and surround yourself with the right people, the results will speak for themselves."

- Rocky Ortego

was named the #1 Fastest Growing LSU Alumni-Owned Business in 2024 by the LSU 100 and received the Louisiana APEX Accelerator Government Contractor of the Year award. These achievements affirm Red Bison's position as one of Louisiana's top-performing federal contractors.

What sets Red Bison apart is its leadership's ability to blend deep industry experience with a keen understanding of federal small business contracting. The RBS team has successfully delivered work for numerous federal agencies, including the U.S. Army Corps of Engineers, Naval Facilities Engineering Systems Command, Air National Guard, NASA, and the USDA. As a small business, RBS has proven it can compete at the highest levels—often outperforming larger firms through agility, professionalism, and trusted delivery.

But Red Bison's story isn't just about business growth—it's about legacy. Founded by Rocky Ortego, a proud enrolled member of the Cherokee Nation, the firm was built

with the vision of creating economic opportunity rooted in culture, commitment, and capability. The slogan "Native Built" reflects both Red Bison's heritage and its values: resilience, integrity, and determination.

Why Louisiana?

"I was born and raised here. My family has deep roots in South Louisiana—entrepreneurship runs in our blood. There's a sense of community, culture, and loyalty in Louisiana that's unmatched. Doing business here isn't just a professional choice—it's personal. We're building a legacy in the same communities that built us."

As Red Bison looks to the future, the mission remains clear: continue delivering with excellence, mentor the next generation of builders, and expand the reach of "Native Built" solutions across the nation.

CREATIVITY JUSTIFIED, LLC

St. Tammany Parish

Founded in 2016 from the walk-in closet of a Kenner home, Creativity Justified has grown into one of Louisiana's most sought-after marketing and advertising agencies. Carrita Tanner-Cloud, then seven months pregnant, launched the business by cold-calling and cold-emailing local companies. Less than a decade later, her agency has expanded to over 20 employees and contractors serving powerhouse clients such as the NFL, NBA, Ochsner Health, BREC, NORD, and the State of Louisiana.

Creativity Justified specializes in strategy-first marketing, branding, design, video production, digital marketing, and community engagement. The agency has built a reputation for not only bold creative work but also its

commitment to diversity, empowerment, and impactdriven storytelling. As a certified minority- and womanowned business. Creativity Justified is intentional about uplifting women and entrepreneurs of color through mentorship programs and sponsorships.

"There's no place I would have founded my agency other than Louisiana. It's home. We're creatives-and as we saw with the Super Bowl, there's no other city as creative as New Orleans. We iust aet it riaht."

— Carrita Tanner-Cloud

The team's work has been featured on national platforms and has helped elevate Louisiana businesses and institutions into the national spotlight. With clients across the healthcare, education, government, corporate, and industrial sectors, Creativity Justified is expanding into Texas, California, Indiana, and Georgia, bringing Louisiana's flavor of creativity to new audiences across the country.

Why Louisiana?

"Louisiana's culture is deeply rooted in storytelling, artistry, and resilience—making it the perfect place to build a creative agency. Creativity Justified reflects the spirit of its home state: dynamic, diverse, and communitydriven. From the sounds of brass bands to the colors of Mardi Gras, Louisiana is where innovation meets soul—and Creativity Justified continues to proudly carry that banner forward."

Words of Wisdom

"Get out of your comfort zone. Don't allow pedigree, cultural differences, or fear to prevent you from building relationships. Get into rooms you're uncomfortable in—and know that you belong."

Carrita Tanner-Cloud encourages emerging entrepreneurs to embrace boldness, cross-cultural connection, and the power of representation in every space."

DUPLANTIS DESIGN GROUP, PC (DDG)

Lafourche Parish

Designing Resilience, **Shaping Communities**

With over 4,500 projects completed across the Gulf South since 1997, Duplantis Design Group (DDG) has built more than buildings—they've built trust, relationships, and resilient communities. From civil and coastal engineering to architecture, surveying, and transportation, DDG brings a full suite of services to every stage of a project's lifecycle.

This multi-disciplinary firm is fueled by a mission to create and enhance the places where people live, work, and connect. With the expansion into Mississippi as one of their most significant milestones

over the past year, DDG continues to bring Louisiana ingenuity to new markets expanding their footprint while staying true to their roots.

What distinguishes DDG is its deep commitment to collaboration and communication. Their project managers assemble specialized teams to guide clients with clear, expert insight from start to finish. Internally, a cooperative culture and a passion for continuous improvement set the tone. DDG's "leave it better than you found it" approach has defined their work for nearly three decades.

"It's hard to put the feeling of winning this award into words. It's a reflection of our team's growth mindset, discipline, and unwavering commitment to serving our clients and communities with excellence."

— Matthew Newchurch

Why Louisiana?

"There's no place like home. The people here—our clients, our partners, our team are the most talented and dedicated professionals we've encountered anywhere. Louisiana is more than a location: it's a foundation."

Words of Wisdom

"Hire smart, positive people and align them with purpose. When strengths are unified toward a single vision, the results are powerful."

EPC, LLC

Ouachita Parish

In 2016, brothers Josh and Caleb Etheridge were working far from home—providing for their families but longing to return to the place that shaped them. Tired of the distance and fueled by a vision, they made a bold move: launching their own utility installation company in Northeast Louisiana. That decision marked the beginning of EPC, a business rooted in community, resilience, and a commitment to doing things differently.

From the outset, EPC disrupted industry norms. While others in the space struggled for consistent work, EPC's diversified customer model brought stability and growth. By working with multiple network operators instead of relying on just one, they kept their crews busy year-round. The result? A local company that delivered high-quality, safe, and reliable

utility installation services and quickly gained a reputation for excellence.

Today, EPC continues to lead by example, not just in Louisiana but in every market they serve. The company builds local workforce pipelines, offering formalized training to develop talent in the very communities where they operate. This innovative model has been recognized at both state and federal levels, as broadband and infrastructure projects increasingly prioritize local hiring strategies. EPC proves that when you invest in people and place, success follows.

Why Louisiana?

"Louisiana is home. There's grit and heart here you just can't find anywhere else. Our people are resilient, loyal, and deeply connected to their communities. Doing business in Louisiana means helping shape the future of the parishes that matter mostand that's not something EPC takes lightly. It's not just business. It's personal. And it's powerful."

Words of Wisdom

"Stay grounded in your why. The road isn't always smooth there will be setbacks, detours, and days when it feels easier to quit than to keep going. But if your purpose is clear and you build the right team around you, you can weather anything. Be bold, stay adaptable, and lead with integrity. People don't just invest in ideas—they invest in people who are passionate, persistent, and real."

"Honestly, it's incredibly humbling. Awards like this are a result of a team that shows up every single day ready to put in the work. We are honored to be recognized, but more than anything, I see it as a reflection of the incredible people I get to lead and the communities we're fortunate to serve."

Caleb and Josh Etheridge

FAMILY RESOURCE GROUP, INC.

East Baton Rouge Parish

Putting Family First—And Growing **With Purpose**

Since 1990, Family Resource Group, Inc. has operated with a singular mission: be a true, trusted resource for families and the businesses that serve them. Based in Baton Rouge and deeply rooted in the communities they serve, FRG doesn't just sell advertising space—they create meaningful connections. Their approach is personal, relational, and intentional, built around the belief that success comes when people—not profit—come first.

FRG has become a cornerstone of Louisiana's community-focused business landscape by helping local companies thrive while

"FRG is honored to be recognized as a 2024 Louisiana Growth Leader by Louisiana Economic Development. This award is a testament to the unwavering dedication of our team and our commitment to both business excellence and community impact. Caring for our communities has always been at the heart of what we do."

— Brandon Foreman

ensuring families are informed, supported, and empowered. Their tailored advertising programs amplify local voices and promote businesses in ways that feel authentic and impactful—making every ad a conversation and every client a partner.

What truly sets FRG apart is the human heartbeat behind the brand. Led by Alexis Alexander and a dedicated team, FRG's growth is fueled by a shared belief that family-first values aren't just good business-they're transformative.

In an industry often driven by metrics, FRG is driven by mission. And it shows.

Why Louisiana?

"Doing business here means being part of something bigger than yourself. It's about neighbors helping neighbors, culture that brings people together, and a business community built on trust.

Louisiana is home—and home is everything."

Words of Wisdom:

"When you find something you love and show up every day, success follows. Stay true to your values, and the right clients will find you."

HI-TECH COMPUTERS OF RUSTON, INC.

Lincoln Parish

HiTech Computers of Ruston, Inc. has provided cutting-edge IT and cybersecurity solutions for nearly three decades. With 45 team members across three brick-and-mortar offices in Louisiana, HiTech delivers advanced managed services, cyber threat protection, and IT consulting to clients in healthcare, education, finance, manufacturing, and beyond. A consistent innovator in the field. HiTech has earned industry recognition as a CRN Top 250 Pioneer and MSP Titans of the Industry finalist.

In the past 15 months, HiTech has continued to grow in both size and capability, expanding its service offerings while maintaining its core values. The company has rejected "While I may have guided the ship, the HiTech team deserves the recognition. We're proud to be Louisiana-built, Louisiana-owned, and fully invested in our people and communities."

— Richard Raue

outside acquisition offers in favor of staying Louisianaowned, prioritizing local
job creation and long-term
stability. Through strategic
partnerships—most notably
with Dell Technologies—
HiTech brings global-caliber
technology and state contract
access to local agencies,
schools, and businesses
across the state.

HiTech's internal culture is just as dynamic. From employee-driven 3D printing labs and quarterly outings to peer-to-peer recognition platforms and leadership development, the company invests heavily in its people. Mentorship thrives in-person, innovation is encouraged, and values like service and authenticity are upheld at every level.

Why Louisiana?

"What we love most about doing business in Louisiana is the people. Relationships here still carry weight—your word means something, and integrity matters. Louisiana is where a handshake still feels like a contract, and where honoring the past goes hand-in-hand with building the future. It's a culture of connection, service, and resilience—and HiTech is proud to grow right here."

PERC DEVELOPMENT, LLC

Calcasieu Parish

Founded in 2010, PERC Development has grown into one of Louisiana's leading construction management firms—serving commercial, infrastructure, and light industrial clients with a core mission: Build Community. While many firms focus on blueprints and budgets, PERC is building something bigger people, pride, and place.

Their name says it all: Passion. Excellence. Reliability. Commitment. These four values drive every project and every decision. Under the leadership of Travis Manceaux and Chris Primeaux, PERC has become synonymous with thoughtful growth and peoplefirst culture in an industry too often driven by margins alone. In the past year alone, PERC

was awarded its three largest contracts to date including the largest sanitary lift station

ever constructed in Calcasieu Parish, a new high school gymnasium, and the first private investment project along the Lake Charles Lakefront, These aren't just projects—they're milestones that are reshaping communities.

But what makes PERC truly unique is what's happening behind the scenes. The company has built a collaborative, growth-focused work environment designed to elevate its team—not burn them out. Their philosophy is simple: when employees thrive, so do the communities they serve.

Why Louisiana?

"I was born, raised, and still live in Southwest Louisiana. This state—its people, its culture, its way of life—is in my blood. We're grateful for the support we've received from LED and others working hard to uplift our region. While we're expanding, Louisiana will

"This award is a testament to what's possible when a team shares one mission. We're proud to represent Louisiana and the future of construction done right."

— Travis Manceaux

always be the heart of what we do."

Words of Wisdom

"Grit and consistency beat everything else. Show up. Push forward. And remember: 'Success is the sum of small efforts, repeated day-in and day-out."

POWER TEMP SYSTEMS, INC.

Lafayette Parish

Powering Possibility: From Portable **Equipment to Industry Pioneer**

Founded in 1991, Power Temp Systems began as a small portable power distribution manufacturer—but its greatest transformation came in 2015, when new leadership took bold steps to reimagine what was possible. With a renewed mission to deliver safer, faster, and more flexible power distribution solutions, the company has since grown by over 325%, evolving into a national industry leader in both temporary and permanent power infrastructure.

Headquartered in Louisiana, Power Temp Systems now operates at the forefront of power innovation. Their specialized equipment supports everything from

construction sites and healthcare facilities to data centers and

high-demand manufacturing plants. With an emphasis on plug-and-play modularity, their power solutions adapt to changing needs—making installations faster, more reliable, and easier to scale.

One of their most significant breakthroughs came when the market was grappling with 14-month lead times for critical Power Distribution Units (PDUs). Power Temp engineered and delivered a more advanced system in iust 10-12 weeks, redefining industry standards and showcasing the company's unmatched agility.

Engineering Growth and Opportunity

Their growth trajectory is equally impressive. In just two years, Power Temp expanded from 40 to 110 employees, launched a dedicated innovation and testing center, and broke ground on a new 200,000-square-foot manufacturing campus that will quadruple production capacity. More than 80% of hires have been Louisiana residents many transitioning from careers in hospitality, oil fields, and other traditional sectors.

"This award validates the journey we've taken-from a specialized local manufacturer to a national powerhouse. But more than that, it's a celebration of our team, our community, and the belief that worldclass innovation can and should happen right here in Louisiana."

— Mark Mire

This workforce-first philosophy is foundational to the company's identity. By upskilling local talent and investing in long-term careers, Power Temp Systems is building more than products they're building people and prosperity.

Why Louisiana?

"Louisiana gives us the best of both worlds—an industrious, skilled workforce with deep roots in manufacturing, and a forward-thinking climate for innovation and expansion. The support we've received from organizations like LED, and the eagerness of our people to learn, grow, and lead has been nothing short of extraordinary."

Words of Wisdom

- Don't fear reinvention. Our biggest leap came after 25 years in business.
- Build around real problems. Innovation starts by solving someone else's headache.
- Grow your people. **Empowered teams** are unstoppable.
- And remember—big ideas can thrive anywhere. We're proof that you don't have to be in a tech hub to lead your industry.

STELLA MARIS, LLC

Lafayette Parish

Founded in 2005, Stella Maris LLC is a leading provider of engineering and manufacturing solutions for the energy sector. Specializing in high-performance hydraulic power units (HPUs), chemical injection systems, and hydrostatic pressure systems, Stella Maris designs and builds equipment that supports both the traditional oil and gas industry and the growing hydrogen energy market.

Their work is technical. complex, and missioncritical—yet at the heart of Stella Maris is a value system rooted in simplicity: "We do what we say we will do." This commitment drives their client relationships, product quality, and internal culture.

In the past year, the Stella Maris team achieved a major milestone, delivering production and chemical injection systems for the Shell Sparta offshore project in the Gulf of Mexico. This complex assignment required every facet of their team's skill—from engineering and design to precise manufacturing execution.

What makes Stella Maris unique isn't just its technical capability—it's the way the company runs. With a strong emphasis on employee well-being, the company fosters a culture that blends camaraderie and craftsmanship. From celebrating employee milestones to hosting industry-famous cooking competitions judged by vendors, Stella Maris has built a workplace that feels like family while delivering worldclass results.

Why Louisiana?

"Louisiana's people and culture are one of a kindloyal, hardworking, and rooted in community. It's a place where family values and business integrity walk hand in hand."

"Stella Maris started as a small company with a big vision. Through obstacles and growth, we've stayed true to our people, our faith, and our commitment to doing right by our clients. This award is a powerful recognition of that journey."

— James "Butch" Ray

Words of Wisdom

"Build a team that shares your values—because your people are the face of your business. Deliver what you promise, every time."

SYCON INTERNATIONAL

Lafayette Parish

Automation with Purpose. Leadership with Heart.

Founded in 2007, SYCON International is a CSIA-certified Systems Integration company based in Lafayette, Louisiana, delivering excellence in industrial automation for over 17 years. With capabilities spanning control system design, custom programming, instrumentation, electrical construction, panel fabrication, and commissioning, SYCON serves midstream. downstream, power generation, and manufacturing clients across the U.S.

In the past 15 months, SYCON has achieved a 125% revenue increase, expanded its team by 60%, and added new verticals, including green

energy, hydrogen, and electric vehicle manufacturing. The company became a registered Professional Engineering Firm and completed the Goldman Sachs 10KSB Program, the LED Growth Network, and earned recertifications for CSIA and UL-508.

Built on Faith. Driven by Values.

Their growth trajectory is SYCON thrives on service. innovation, and transformation. Since taking full ownership in 2023, CEO Eric Hayes has implemented a bold vision expanding design services, signing new MSAs, and introducing "Mission Control," an award-winning gamified employee development platform that tracks progress, recognizes certifications, and rewards career growth with visible milestones and bonuses.

The company's culture is anchored in Family and Faith, fostering personal and professional growth through open leadership, unlimited PTO, and quarterly Strategic Success Plans (SSPs). Team members aren't just employees—they're leaders at every level, empowered to think critically, solve problems, and innovate for the future.

Why Louisiana?

"This is home. The Cajun culture, the deep pride, and the rich talent from Louisiana's universities make this the

"I don't view myself as an entrepreneur-I see myself as a servant leader. If you're not in it to help others succeed, you shouldn't be in it. That belief is what led me to join SYCON, and ultimately to lead it."

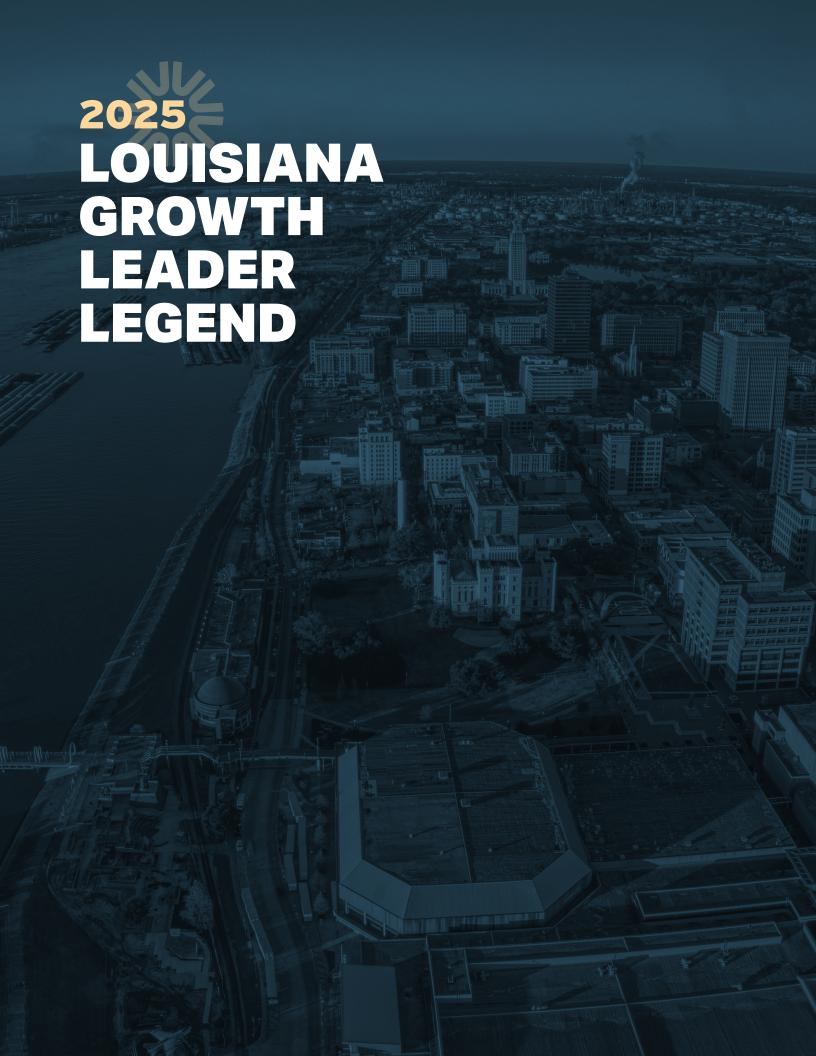

— Eric Hayes

perfect place to build. The support from local programs and LED resources makes small business ownership here feel like a partnership—not a solo journey."

Why SYCON Stands Out:

- Nimble, cross-trained team that adapts to client needs
- Strong internship pipeline for recruiting top talent
- Core values of Leadership, Accountability, Adaptability, and Innovation
- Focus on employee empowerment, consistency, and career growth

2025 LOUISIANA GROWTH LEADER LEGEND

TECHNEAUX TECHNOLOGY SERVICES, LLC

Simplifying the **Complex, Building** What's Next

From a modest garage in Lafayette to four thriving offices across the region, Techneaux Technology Services has charted a remarkable course grounded in grit, integrity, and innovation. Launched in 2010 by two engineers with a vision to "do tech differently," Techneaux is now a collective of entrepreneurs and owners building smarter systems—and smarter businesses.

At its core. Techneaux is a technology integrator that helps organizations navigate their data journey—from

collection to transfer, storage, protection, and application. The firm serves clients in industrial, municipal, and commercial sectors with services including:

- Process automation and controls
- Secure communication infrastructure (WAN/LAN)
- · Enterprise software and data systems
- Cybersecurity solutions
- Managed IT services
- · Custom software development
- Field measurement and panel fabrication

But while Techneaux delivers top-tier technical solutions, it's their business model that truly sets them apart.

People Over Profits, Always

Techneaux was designed to be different. It will never go public. It will never accept private equity or venture capital. Why? Because they believe business should be accountable to people not shareholders. Instead, Techneaux operates as a "business of businesses" that empowers leaders from within. Through distributed ownership and a long-term leadership track, team members have the opportunity to grow from contributors into company owners.

This philosophy has proven successful. In the last 15 months alone, Techneaux has:

- Hired 60 new team members
- Opened 3 new physical locations
- Added its 12th company owner
- Increased revenue by 35%
- Launched new service lines in field measurement and panel fabrication
- Navigated the retirement of a founding partner
- Supported multiple organizations in cybersecurity incident response
- · Led large-scale projects in oil & gas, water, and education sectors

Beyond the numbers, Techneaux is known for its responsiveness, reliability, and resilience. Clients rely on them not only to solve immediate problems but to guide long-term strategy.

Entrepreneurship with a Purpose

What began as a bold idea in a garage has grown into a thriving company with 180+ team members and four offices—but the mission hasn't changed. Techneaux exists to build better systems and better people. Their vision is to become the most trusted technology integrator in the Gulf South—and a launchpad for the next generation of business leaders.

Every decision, from client strategy to internal development, aligns with their founding belief: "Technology is what we sell. Leaders are what we create." The organization invests in mentoring, culturebuilding, and education to ensure each team member can thrive—and eventually lead.

Techneaux doesn't just measure success in profits; it measures success in people. And that people-first model has created something rare: a business where technical excellence and ethical responsibility go hand in hand. Focus on employee empowerment, consistency, and career growth

Why Louisiana

"Louisiana is more than a headquarters—it's home. Techneaux is deeply rooted in Louisiana's culture of hard work, creativity, and connection. The state's support for small business growth, combined with a spirit of resilience and community, has fueled the company's expansion and sustained success.

"There's a pride here that's hard to replicate," says Ben Johnson, co-founder and this year's Growth Leader Legend honoree. "People care about

"Be naive. We were told this kind of business model wouldn't work.

We didn't listen. Passion and purpose will always carry you further than experience alone. Don't wait for permission-build what you believe in."

- Ben Johnson,

the work, about their teams, and about doing things the right way. The balance of drive, joy, and loyalty in Louisiana's business culture is unlike anywhere else."

From the start, Techneaux has embraced its role in helping Louisiana's industries modernize and evolve—while investing in the people who call it home.
