RE: Site Investment and Infrastructure Improvement Fund– Summary Report

To Whom It May Concern:

Louisiana Economic Development hereby announces its plan to proceed with its rule-making, by finalizing the **Site Investment and Infrastructure Improvement Fund Rules**, originally published as Emergency Rules on pages 1806-1809, and as a Notice of Intent on pages 1938-1940 of the November 20, 2025 *Louisiana Register*.

LED has worked collaboratively with all 8 regional economic development organizations (“REDO’s”), as well as local economic development organizations (EDOs), site consultants, and industry in developing program rules. Likewise, LED staff have promoted the new program through in-person and virtual informational outreach efforts to key industry stakeholders, addressing program features and benefits, and seeking feedback on proposed rules.

A public hearing was held on January 5, 2026. It was attended by representatives from the following organizations: Advantous, Ryan, Livingston Parish Government, Plaquemines Parish Government, and LED staff. The overall response was generally supportive. No written comments were received.

After consideration of all input, LED therefore proposes to proceed as is with no further changes, and has notified all identified interested parties of its plan to move forward.

Subject to the legislative oversight by House and Senate Committee on Commerce, LED intends to submit for final publication a Rule in the February 20, 2026 *Louisiana Register*.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Louisiana University Research and Development Parks Program

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed repeal of the rules is not anticipated to result in any direct material effect on governmental expenditures or savings to state or local governmental units.

The proposed rule change repeals the Louisiana University Research and Development Park Program. The proposed repeal aligns with statutory provisions repealed by Act 5 of the 2024 Third Extraordinary Session of the Louisiana Legislature, and further aligns with Title 19, Part I, as required by the Office of the Governor Executive Order No. 25-038.

Any administrative duties brought about by the proposed rule changes will be carried out utilizing existing staff and resources at the LA Economic Development (LED).

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed repeal is not anticipated to affect revenue collections for state or local governmental units. The program was sunset on July 1, 2017, and has had no recorded activity in the Department of Revenue's published Tax Exemption Budget since 2015.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

There are no anticipated costs to directly affected persons, small businesses, or non-governmental groups.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no anticipated effect on competition and employment.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES

RULE TITLE: Site Investment and Infrastructure Improvement Fund

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

Act 365 of the 2025 Regular Session of the Louisiana Legislature transferred \$150 M from the Revenue Stabilization Fund into the newly created Site Investment and Infrastructure Improvement Fund. However, the legislature did not grant an appropriation from this fund in FY 26. To the extent the legislature grants an appropriation from the fund in the Supplemental bill for FY 26 or the General Appropriations bill for FY 27, the proposed rules are anticipated to increase statutory dedications expenditures by a like amount from the Site Investment and Infrastructure Improvement Fund in 20-931 LED Debt Service/State Commitments.

The proposed rule establishes program guidelines for the Site Investment and Infrastructure Improvement Fund authorized by Act 365 of the 2025 Regular Session.

Louisiana Economic Development (LED) has indicated that application fees received for the program may be utilized for any increase in the cost of administering the program, including, but

not limited to, potential third-party review of applications and supporting documentation. Existing LED staff and resources should otherwise be sufficient to administer the program. LED has indicated the Department intends to disburse up to \$150 M for site development and improvement projects over FY 26 and FY 27, should the legislature grant an appropriation. The proposed rules do not specify the exact nature of awards, leaving LED with a degree of flexibility to structure awards as partially forgivable loans, public-private partnerships, or as an ownership deal for key infrastructure.

Local governmental units are eligible for disbursements from the Site Investment and Infrastructure Improvement Fund. To the extent that local governmental units apply and are awarded monies from the fund, local governmental expenditures may increase by a like amount associated with the projects.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

Act 365 of the 2025 Regular Session of the Louisiana Legislature transferred \$150 M from the Revenue Stabilization Fund into the newly created Site Investment and Infrastructure Improvement Fund. Act 432 of the 2025 Regular Session specified that any revenue from the lease, sublease, or sale of property under the control and supervision of LED shall be deemed self-generated revenue and shall then be deposited into the fund. This is anticipated to increase statutory dedication revenue by an indeterminable amount beginning in FY 26. The proposed rules do not specify the exact nature of awards, leaving LED with a degree of flexibility to structure awards as loans, public-private partnerships, or as an ownership deal for key infrastructure. Presumably, funds may be partially or fully recovered, resulting in additional statutory dedication revenue for the fund.

Any interest that accumulates in the fund is directed to the state general fund, potentially increasing SGF revenue by an indeterminable amount beginning in FY 26.

The proposed rules set an initial non-refundable \$250 application fee and a supplemental fee of .5% of the total amount of incentives or award amount (capped at \$15,000), should the applicant receive an award. This is anticipated to increase SGR revenue for LED beginning in FY 26.

Local governmental units are eligible for disbursements from the Site Investment and Infrastructure Improvement Fund. To the extent that local governmental units apply and are awarded monies from the fund, local revenues may increase by a like amount.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

Local or regional economic development groups, non-profits, redevelopment authorities, and private landowners are eligible applicants for the funding program. Applicants are subject to an initial non-refundable \$250 application fee and a supplemental fee of .5% of the total amount of incentives or award amount (capped at \$15,000), should the applicant receive funding from the program. Any additional costs for completion and submission of the required paperwork for this proposed rule are expected to be minimal.

To the extent an appropriation is granted from the Legislature, awards from the fund will directly benefit the owners of the properties by increasing the value and marketability of the properties through site improvement and/or infrastructure improvement. Additionally, small businesses, particularly those involved with providing site development and infrastructure improvement services, should benefit from increased demand for their goods and services.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

To the extent an appropriation is granted from the Legislature resulting in awards and associated economic

activity, the proposed rule may result in employment increases in related industries, particularly those related to providing site development and infrastructure improvement services. Companies receiving benefits under this program will gain a competitive advantage over companies that do not receive the program's benefits.

Chapter 15. Drug Testing Programs in Job Related Accident Cases

§1501. Introduction

A. ...

1. Laboratories may not deviate from the provisions of these guidelines without the written approval of the assistant secretary of the Office of Workers' Compensation Administration, or his designee.

2. The assistant secretary of the Office of Workers' Compensation Administration or his designee may routinely update these guidelines for the purpose of conforming them to advances in technology or providing additional guidance.

AUTHORITY NOTE: Promulgated in accordance with R.S. 23:1081(9).

HISTORICAL NOTE: Promulgated by the Department of Employment and Training, Office of Workers' Compensation, LR 16:851 (October 1990), repromulgated LR 17:773 (August 1991), amended by the Louisiana Works, Office of Workers' Compensation Administration, LR 52:

§1503. Scientific and Technical Requirements

A. ...

B. Definitions

Confirmatory Test—a second analytical procedure used to identify the presence of a specific drug or metabolite in a specimen. The confirmatory test must be different in

technique and chemical principle from that of the initial test procedure to ensure reliability and accuracy. At this time gas chromatography/mass spectrometry (GC/MS) is the only authorized confirmation method. Headspace gas chromatography is authorized for confirmation of alcohol (ethanol) concentrations in specimens.

§1505. Specimen Collection Procedures

A. - A.2. ...

B. Collection Procedures

1. - 1.k...

1. In the event blood is required, it should be collected in a tube containing sodium fluoride and potassium oxalate as a preservative. To ensure no adulteration of the blood specimen, alcohol shall not be used as a disinfectant, but benzalkonium chloride, green surgical soap, hydrogen peroxide, or a nonalcoholic equivalent, shall be used.

2. During the performance of any part of the chain of custody procedures, it is essential that the specimen and custody documents be under the control of the involved collector.

2.a. - C. ...

D. Transportation to Laboratory. After collection of specimens, collectors shall arrange to ship the specimens to the drug testing laboratory. The specimens shall be placed in appropriate containers (specimen boxes or padded mailers) that are securely sealed to eliminate the possibility of tampering. Collectors shall sign and date across the tape sealing the containers and ensure that the chain of custody documentation is attached to each sealed container. An outer mailing wrapper shall be placed around each sealed container. Specimens may be delivered to the drug testing laboratory using either the United States Postal Service, commercial air freight, air express, or may be hand-carried. It is unnecessary to send specimens by registered mail.

A. Receiving/Preparation

1. - 2. ...

B. Initial Test. If the initial drug test is negative, there shall be no confirmation test. The initial testing shall use an immunoassay which meets the requirements of the Food and Drug Administration for commercial distribution. The following initial cutoff levels shall be used when screening specimens to determine usage of these drugs or classes of drugs.

Emergency Rules

RULE

~~DECLARATION OF EMERGENCY~~

Louisiana Economic Development Office of Economic Development

Site Investment and Infrastructure Improvement Fund (LAC 13:I:Chapter 55)

~~This Emergency Rule is being published pursuant to emergency provisions of the Administrative Procedure Act, R.S. 49:962 (A)(1)(a) and R.S. 51:2316, which provide for emergency procedures to establish rules, and R.S. 51:921 and R.S. 36:104, which allows Louisiana Economic Development (LED) to promulgate rules and regulations to protect the welfare and prosperity of the citizens of the state.~~

~~Louisiana Economic Development has an immediate need for rules to implement the program in alignment with Act 365 of the 2025 Regular Legislative Session. Whereas Act 365 outlines a basic framework, additional guidance on some components of the program, such as guidelines for interested parties to assess their program eligibility, is needed. A delay in imposition would hinder effective administration of this program and delay access to the program by qualified applicants, resulting in an adverse financial impact on the Louisiana economy.~~

~~This Emergency Rule shall be effective October 30, 2025, and shall remain in effect for a period of 180 days unless renewed or revoked, or until adoption of the final Rule, whichever occurs first.~~

§5505. General Principles

A. The following general principles will direct the administration of the program.

1. Awards are not be considered as an entitlement, and the secretary has the final authority to determine whether or not each particular applicant is eligible and meets the criteria of the award, and in all such circumstances, the exercise of that discretion shall be deemed to be a final determination of the applicant's award status.

2. Award amounts, per project, may vary at the discretion of LED, with a minimum award of one million dollars.

3. Applicants shall identify a funding match.

4. LED may negotiate with each applicant seeking an award based on the individual merits of each projects.

5. Award agreements shall contain "clawback" provisions to protect the state in case of default.

6. Award funds shall be used for the approved project only.

7. Awards may be administered by LED directly, or LED may use funds to contract with a third party administrator to undertake such activities.

8. Applications shall be accepted subject to availability of funding in any given year, or as otherwise determined by LED.

9. As a general rule, applicants may apply for more than one statutory benefit program administered by LED, provided that:

a. separate applications are submitted per program; and

b. program applicants do not receive a double benefit on the same expenditure.

B. Program funding.

1. Funding for this program is provided by any money transferred, donated, or appropriated to the Site Investment and Infrastructure Improvement Fund ("Fund"), with an initial fund deposit of one hundred and fifty million dollars in fiscal year 2026.

2. LED may not authorize issuance of payments exceeding the available monies in the Fund.

3. The issuance of payments shall be subject to funding availability in any given fiscal year.

4. Monies in the fund shall be utilized in accordance with the department's strategic plan and program priorities. The department shall consider the following factors in the allocation of monies:

- a. demonstrated market demand in priority sectors.
- b. performance measures.
- c. return on investment.
- d. impact on distressed communities.
- e. public benefit and economic impact.
- f. site potential.

5. Notwithstanding any provision of law to the contrary, the department shall prioritize allocation of monies to purposes that meet any of the following criteria:

a. leverage public-private partnerships, private equity, or other resources.

b. address specific and critical needs for high-potential projects.

c. are a Louisiana Economic Development certified site.

§5507. General Program Description

A. Funding may be available for site investment and infrastructure improvement projects with demonstrated economic development purposes as follows:

1. Applicants

a. Applications may be submitted by local or regional economic development organizations, municipalities, non-profit organizations, redevelopment authorities or political subdivisions and such organizations shall be considered qualified applicants.

b. Public-private partnerships or other quasi-private entities may be considered qualified applicants at the discretion of the secretary.

2. Project Location

a. Projects may be located on either public or privately owned lands, however, projects located on privately owned lands may be subject to additional restrictions or requirements such as higher match percentages or higher loan commitment fees, and

b. Reimbursement of funds expended on private or other property is contingent upon written evidence being provided to LED that such development costs are allowable under Article VII, Section 14 of the Constitution and any other applicable state law. Such evidence may include but not be limited to a final judicial determination from a court of competent jurisdiction.

3. Project Timeline

a. As a general rule, funds shall be obligated and projects shall begin construction within nine months of the fully executed contract. However, LED will evaluate the readiness of each project and memorialize all applicable construction deadlines and project milestones in a contract between all appropriate parties.

4. Construction Components

a. Eligible project costs may include but not be limited to the following expenses:

- i. rail or road access;
- ii. utility extensions;
- iii. wetland mitigation;
- iv. demolition;
- v. expansion;
- vi. remediation;
- vii. land purchases.

b. Unless otherwise approved by the secretary, ineligible project costs may include but not be limited to:

- i. consulting fees;
- ii. legal or financial service fees;
- iii. marketing of site;
- iv. moveable equipment;
- v. routine site maintenance;
- vi. any expenses occurring outside of the approved construction period.

DECLARATION OF EMERGENCY

**Office of the Governor
Uniform Construction Code Council**

International Existing Building Code (LAC 17:1.105)

The Uniform Construction Code Council, hereafter referred to as the "LSUCCC" or the "Council", has exercised the emergency provision in accordance with R.S. 49:962 of the Administrative Procedure Act, to amend LAC 17:1.105 in the Uniform Construction Code as authorized by R.S.40:1730.28. Furthermore, the LSUCCC has found an immediate need to adopt by emergency process the attached Rule relative to amending the *2021 International Existing Building Code* by amending Chapter 2, Definitions; adopting Section 201.5, Reference Standards; and the applicable standards referenced in that code are included for regulation of construction. These changes are a direct result of the need to provide reference standards for the conveyance industry in line with R.S. 40:1646 and R.S. 40:1664.1 et seq. This amendment will
