Louisiana Economic Development, Office of Economic Development, and Louisiana Economic Development Corporation authorized by and pursuant to the provision of the Administrative Procedure Act, R.S. 49:950 et seq., LA R.S. 36:104, 36:108, and 51:2312 hereby gives notice of their intent to amend certain rules for the administration of the Micro Lending Program (MLP).

In accordance with the Office of Governor Executive Order No. JML 25-038, LED reviewed and evaluated the MLP Program Rules and proposes amendment to better align regulations with the U.S. Treasury guidelines and the agency's mission.

**Title 19
CORPORATION AND BUSINESS
Part VII. Louisiana Economic Development
Corporation
Subpart 9. Micro Loan Program
Chapter 76. SSCBI Micro Lending Program ARPA
2021**

§7601. Purpose

A. ...

B. Through the American Rescue Plan Act of 2021, which reauthorized the State Small Business Initiative (SSBCI), the U.S. Congress has appropriated funds to be allocated and disbursed to the states that have created programs to increase the amount of capital made available by private lenders to small businesses, and the State of Louisiana has been approved to receive and disburse SSBCI funds within the SSBCI Program. Louisiana Economic Development (LED), which will be working with and through LEDC, has been designated to provide services for the SSBCI, including the Micro Lending Program (MLP), which by a Program Participation Agreement previously entered into, between LEDC and a participating Lender makes additional capital available for eligible loans.

C. The LEDC will utilize SSBCI funds to increase access to credit and capital funding to further assist small businesses statewide, to expand loan capabilities to a broader range of businesses statewide, to direct a greater concentration to those small businesses, and to reach, identify and promote small business growth in low and moderate income communities, in minority communities, in other underserved communities, and to small businesses owned by socially and economically disadvantaged individuals across our state.

D. By partnering with Louisiana CDFIs and other qualifying lenders who share a similar mission driven focus consistent with the purpose of this program, LEDC will provide funding to participating CDFIs, and other qualifying lenders having been approved as a participating lender, for the purpose of making direct loans to small businesses meeting the SSBCI criteria as outlined in the Micro Lending Program's Participation Agreement.

E. Interested small businesses will be referred to participating Lenders for loan qualification purposes. Participating Lenders will apply to LEDC for acceptance to enroll a loan or line of credit under the Program on behalf of their qualified small business borrowers. Participating Lenders are responsible for their own credit underwriting decisions and originating the loans. LEDC's responsibility is: to ensure compliance with the Micro Lending Program requirements; ensure compliance with the SSBCI requirements as directed by Treasury, as well as participation in the program; and to report to the U.S. Treasury.

F. In considering acceptance of the loans presented to LEDC through Lenders having agreed to participate in the Micro Lending Program, the Corporation will consider sound business purpose loans and lines of credit, so long as SSBCI resources permit. The board of directors of the corporation recognizes that loan participations carry certain risks and are willing to undertake reasonable exposure.

G. LEDC will monitor the program, including the repayment progress of borrowers, as well as the servicing performance of participating lenders, in order to ensure successful outcomes in the form of program utilization and eventual securing of funds for these groups.

FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES RULE TITLE: Micro Loan Program

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENT UNITS (Summary)

The proposed rule change is not anticipated to result in any direct material effect on governmental expenditures or savings to state or local governmental units. To the extent the removal of the \$100,000 lending cap in the proposed rules results in

additional funds lent to small businesses, this may increase utilization of existing federal budget authority within Louisiana Economic Development (LED), as additional federal State Small Business Credit Initiative (SSBCI) funds from ARPA 2021 may be deployed to support small businesses through the Micro Loan Program. However, any administrative duties brought about by the proposed rule changes will be carried out utilizing the existing staff and resources of LED. LED indicates the program has historically waived the application fees for program participants. However, should application fees be collected in the future, those fees would be utilized to assist with funding the program.

The proposed rule change amends the Micro Loan Program in an effort increase the size of micro loans issued to small businesses. The proposed amendments align regulations with U.S. Treasury guidelines, the agency’s mission, and further align with the Office of the Governor Executive Order No. 25-038.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed amendments are not anticipated to materially affect revenue collections for state or local governmental units. While the proposed rules increase the application fee for the program from a flat \$100 fee to a potential fee of up to \$150, a program fee of \$500 for loans less than \$25,000 or 2% for loans greater than \$25,000 is eliminated. The application fee is capable of being waived for the program and continues to be mandatorily waived for socially and economically disadvantaged individual (SEDI) owned businesses and very small businesses (VSB) applications. LED indicates the program has historically waived application fees and program fees for participants. However, the ability to collect application fees for certain applicants remains in the proposed rules.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS OR NONGOVERNMENTAL GROUPS (Summary)

Applicants/borrowers, small businesses, and lenders participating in the program will be affected by the proposed rules. The proposed amendment to the rules removed and changed regulations for lending institutions and the use of funds for applicants/borrowers. To the extent these amendments increase the size of micro loans issued to small businesses, program participants may receive additional benefits. Additionally, the proposed rules increase the maximum amount of an application fee that may be charged to applicants and eliminate the \$500 program fee for loans under \$25,000 or 2% fee for loans over \$25,000. However, the proposed rules continue to allow the fee to be waived and mandate that the fee be waived for SEDI owned businesses and VSB applications.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

Small businesses benefiting from the program are anticipated to gain a competitive advantage over other businesses that do not receive the program’s benefits.
