**FISCAL AND ECONOMIC IMPACT STATEMENT FOR ADMINISTRATIVE RULES**

**RULE TITLE: Restoration Tax Abatement Program**

I. ESTIMATED IMPLEMENTATION COSTS (SAVINGS) TO STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change is not anticipated to result in any direct material effect on governmental expenditures or savings to state or local governmental units. Any administrative duties brought about by the proposed rule changes will be carried out utilizing existing staff and resources at the LA Economic Development (LED).

The proposed rule change amends the Restoration Tax Abatement Program to add definitions, clarify deadlines related to local governing authority certification and approval, add deadlines related to commercial project periods, update agency and board names, and mandate web-based payment of advanced notification fees. In accordance with the Office of the Governor Executive Order No. JML 25-038, LED reviewed and evaluated these program rules and proposes revisions to update and better align the program guidelines with existing administrative practices and R.S. 47:4311 et. seq.

II. ESTIMATED EFFECT ON REVENUE COLLECTIONS OF STATE OR LOCAL GOVERNMENTAL UNITS (Summary)

The proposed rule change is not anticipated to materially affect revenue collections for state or local governmental units. The proposed rule change does not change the fee structure of the program, but changes the existing rule to reflect the current administrative practices related to online payments. The proposed rule change sets forth deadlines for the completion of a commercial project and considers a lack of response from governing authorities within 60 days as local approval for applications. Eligibility for tax relief under the program for some applicants may potentially be affected by the amendments related to deadlines, along with corresponding property tax collections associated with expansion, restoration, or improvement projects.

III. ESTIMATED COSTS AND/OR ECONOMIC BENEFITS TO DIRECTLY AFFECTED PERSONS, SMALL BUSINESSES, OR NONGOVERNMENTAL GROUPS (Summary)

Certain program participants may potentially benefit from the new provisions related to a lack of response from local governing authorities, while other participants (commercial projects) face a new four-year deadline for project completion under the proposed rules. The proposed amendments mandate participating entities to submit certain fees and documents via web-based solutions. Costs associated with online submission are expected to be minimal, given that online access and activity have largely become a business standard.

#### IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

There is no anticipated impact on competition or employment.
